

SOFT™ LIGHTING SYSTEMS, Inc.
2224 – 137th Place S.E. Bellevue, WA 98005-4032
Phone: 425.679.6550 www.softlite.com

This Soft™ Lighting System has two soccer fields with two embedded ballfields. This was the first major new park in Redmond in over 20 years, and the city and county selected Soft™ Lighting because they recognized us as “the latest technology to reduce glare and should not prove a disturbance for neighbors.” In the background you can see several Soft™ Lighting tennis court Systems. Concrete poles were used on this project.

Perrigo. Soccer/Ballfields, Redmond, Washington. Fall 2003.
